

COVERGIRL®

BLAST THROUGH YOUR EYE ROUTINE WITH NEW LIQUILINE BLAST

Thanks to the new **COVERGIRL LiquiLineBlast** you can effortlessly create brilliant eyeliner looks with the striking intensity of a liquid and the easy application of a pencil.

Boasting natural waxes that help the liner glide on smoothly and effortlessly, **COVERGIRL LiquiLineBlast** also contains silicone properties that provide all-day wear.

The double-ended eyeliner includes the **Blast** smudger tip which has been specially designed to work with the liquid pencil formula to smooth lines for dramatic perfection. The unique flexible, angled shape tip allows for sculpting and easy smudging into the lash line.

Concentrated colorants offer intense colour and the waterproof formula ensures the liner won't budge.

COVERGIRL LiquiLineBlast is available in *Black Fire* and *Brown Blaze*.

Whether you use them individually or alone, **COVERGIRL LiquiLineBlast** is the best way to achieve a striking eye look.

COVERGIRL LiquilineBlast Eyeliner is on counter November 1st, 2010
