COVERGIRL

Summer make-up is often about bronzed cheeks and nude lips - but this season is all about **VIVID SUMMER VIBES**. From super sorbet shades to delicious deep intense colours, lips are well defined. Covergirl Summer 2008 is all about the pout and boundless nails.

For most women, lipstick is the cosmetics equivalent to shoes: an instant mood booster. And each season we need new shoes so that goes for lips too !

Be brave this summer, it's time to banish those muted winter colours and try something brighter for Summer. Covergirl Outlast Double Lipshine in Tutu, Party Pink and Megawatt Mauve are the prettiest shades for lips for the Summer season.

Follow these tips to get the perfect Summer pout...

- Keep eye make-up paired down; instead concentrate on big fat look at me lashes and a sleek black eye liner and your lips will be the focus
- Add the gloss over the Outlast longwear lip colour to the centre of lips to accentuate your pout

Go for Bold Boundless Nails

Introducing Covergirl's NEW Boundless Colour Nail Polish. A fun twist on classic nail colour. New Boundless Colour Nails features 10 rich, vibrant basecoats in fashion forward shades. The lasting formula means more time for summer fun and less time touching up your nail colour.

If you are flaunting your toes all over the place this summer, then consider painting your nails a fun, bright colour. Covergirl Boundless Nails in Fuschia Girl is the perfect bright summer pink and looks great on all skin types. In any case, when choosing your summer shade, consider your sandals.
