PRESS RELEASE - ON COUNTER MARCH 2009

benatural thiswinter

"This winter is all about nude lips and a creamy base for a fresh-faced natural look," says Jennifer Hawkins as Covergirl unveil the Winter Look for 2009.

Featuring **NEW Smoothers Aquasmooth Compact Foundation, Outlast Lip Colour and LashExact Mascara**, the Covergirl 2009 Winter Look makes clean, natural makeup easy, breezy, be natural.

A flawless creamy base begins with **NEW Smoothers Aquasmooth Compact Foundation**. The oil free formula leaves a long lasting demi-matte finish much like a powder foundation. Inspired by Aquacurrent Science, the formula works with the natural properties of water for noticeably better looking, beautiful skin. Over time imperfections virtually vanish and the skin tone becomes more even.

Nude lips are not about bare lips, but the perfect slick of natural colour. Get up to 16 hours of non-transfer shine with **Outlast Lip Colour**. A rosy pink shade such as Nude will complement brown and hazel eyes, and Lingering Spice, a peachy brown is best for blue or green eyes.

A coat of **LashExact Mascara** in Very Black and **Covergirl Boundless Nails** in White Night or Champagne Pink complete the look.
