

COVERGIRL

FLIRT WITH COLOUR THIS SUMMER

"The look this season is all about creating impact with a dramatic eye colour, set off against a subtle but glossy lip," says CoverGirl's Jennifer Hawkins.

Take a cue from Jennifer, let your skin show through and simply give your cheeks a natural flush with *CoverGirl TruBlend Luminous Powder in Shimmering Sands*. This gorgeous powder is infused with skin loving minerals that blend easily onto the skin to create sheer luminosity and it's the perfect shade of natural pink to suit any skin tone. Apply with the super soft *CoverGirl Summer Kabuki Brush* you will receive as a free gift with any purchase* from the *CoverGirl Summer Look 2009 range*.

Your eyes will be the focus of this look. For dramatic definition try *CoverGirl 4 Kit Eye Enhancer in Crystal Waters*, containing four shades of pastel green, white, navy and teal. Or for a more natural look, shade your eyes with *CoverGirl 4 Kit Eye Enhancer in Blossom*, housing pink shades as gorgeous as the summers blooming flowers. Line your eyes with soft green using *CoverGirl Outlast Liner in Sage* to complete the look. The pencil features a built in sharper to draw on a precise, clean line and is ideal for all those long summer days as it will remain smudge proof all day. Finally, pump up the volume with *CoverGirl Lashblast Mascara in Very Black*.

A pink lip goes with everything and is one of the most feminine, pretty ways to enhance your lips. Try *CoverGirl Wetslicks Amazemint in Everything's Rosy* or *Pink Positive* for high shine lips with a non-sticky yet rich consistency. The gloss is mint-infused to give a cooling sensation to the lips and also freshens your breath.
