

For a dazzling smile this Party Season – its Docteur Glamour to the rescue!

The latest innovation from **Bourjois** arrives just in time for the summer party season – **Docteur Glamour** Intensive Moisturising Lipstick. Smooth and rich, it glides on easily to give a dazzling smile to match a dazzling party frock!

With **Docteur Glamour**, the innovative formula provides a triple effect that gets to work as soon as it's applied. The first effect is intensive moisturising. This achieved by blending two ultra-nourishing oils – Karite nut butter which is used for its replenishing and soothing properties, and Mango Butter, a fruit extract butter that nourishes the lips.

The second effect is rich smoothness, created by a blend of silicon micro-beads that coat the lips to form a soft film with a gloss finish.

Finally, the third effect is a shiny satin result caused by iridescent particles that reflect light. Mother of pearl ingredients reveal a seductive, yet sophisticated smile.

Perfect for the beach by day and parties by night, **Docteur Glamour** is available in a range of 12 soft and luminous shades.

On counter from 1st January, 2007, **Docteur Glamour** will be available from the Bourjois stand in selected Priceline and Priceline Pharmacy stores. For stockist information please call 1800 181 040. RRP \$21.00
