

4 silky sheer eye shadows in one kit! Great value from easy, breezy, beautiful...Covergirl.

Covergirl's collection of Eye Enhancers, powder eye shadows, has been completely redesigned to include a new easy-to-blend formula, goof-proof colour combinations and modern finishes. 4 new 4-kit colour combinations have been added to the range - each kit contains shades that look good on their own or work great together to ensure you always have the right colour combination. This new palette includes specially created sparkle, shimmer and matte finishes. Covergirl Eye Enhancers are created with an advanced, stay-on formula - colour stays true for hours. Colours go on sheer but can be layered for a desired intensity and range from light to dark spanning all colour families for subtle and natural to intense and smokey eye looks.

The new advanced silky sheer formula contains softer, finer, microsized powder particles for effortless blending and application. The new applicator in the kit features a soft sponge tip that delivers a smooth application of colour. New colours are:

Urban Basics Kit - dusk, evening shadow, metro sparkle, streetlight
Stormy Lites Kit - night sky, sterling blue, cloudburst, lightning
Pure Romance Kit - passion plum, rose petal, faint blush, whisper soft
Berries & Cream Kit - currant, iced blackberry, almond glaze, vanilla cream
